Thurston Summer Report

Busy two months

August 2016

Sally shared her testimony in Chile's Presidential chapel as Jim translated.

"As a high school forensic member pursuing music and drama, I was popular, but my childhood was a tragedy. I was molested by the grade school janitor almost every day of my life between the ages of 6 to 9 years old." "The school janitor was later arrested and the trial brought out that he had molested over 300 children in the elementary school."

"Sometime in your life, you have to deal with the shame and guilt. Keeping it a secret for years does as much damage as the molestation."

"After receiving Christ, my life took on a new purpose and I was able to forgive and love. Those who have been molested and have never spoken to any one, try to find someone and reach out for help."

Sally started to share her testimony publically for the first time soon after we were married. Since then, we have had many opportunities to pray and minister to those who have been victims.

One of Chile's most famous marathon runners who carried the Chilean flag in the opening ceremonies of the Olympics in Rio 2016, said in an interview just before she left for Brazil that her stepfather (a pastor) molested her from the time she was 5 until she was 18. Now 40, this was the first time she shared what happened to her. The revelation greatly impacted the country. Pray for those who have been molested around the world.

Speaking in another church of about 250, I encouraged people to begin to pray for revival.

This home meeting with 25 attending was a joy. Revival began to break out with people weeping, confessing their sins and praising the Lord. The meeting started at 7:30 PM and at 12 AM they still didn't want to go home. The end of August we've been invited to speak again.

Jim spoke at a three year anniversary of a church up near the mountains in Santiago.

Jim and Sally visited Pastor Claudio Reyes who runs a drug rehabilitation center near Santiago. There are 35 young people in it's successful program.

This month, Francisco Viguera, Secretary General of the Chile Bible Society put up on his website this picture and wrote. "James Thurston is the pioneer of Christian television in Chile. Since 1966, he has helped the Chilean churches in evangelism and discipleship providing Christian education and tools for them to teach others."

Thanks

We would like to say thank you for your faithful giving to our ministry. You are so special to us. Did you know that we remember you in prayer each day? May God's blessings be double on your families this year.

Please pray for the special meeting on Sept. 11, which we have each year in the largest church in Chile. The President, Cabinet members and other high government officials attend. Also please pray for our Jesus March that it will have a great impact on the country.

Blessings and love,

Jim + Sally
