

# NEW MISSION, SAME MISSION

## THE THURSTONS

We have some exciting news. We are expanding from a small organization to a medium-sized one. Our goal has always been to strengthen our mission and ministry so that it can be carried on into the next generation.

After some recent expansion efforts as we continue working in ministry areas of communications and broadcasting, God has put a desire in our hearts to increase our reach by engaging and helping the people of Chile in areas of human injustice. As followers of Jesus, we are called to care about injustice in the world.

God has opened a door for us to reach out to our neighbors through compassion by partnering with a new mission agency that is starting to work tirelessly in transforming lives and restoring hope in Chile. This organization is called **Hope Inspire Love** and their mission is to eradicate human injustice, particularly in regards to fighting child welfare, health and wellness, care for orphans and ending human trafficking and exploitation. The Lord has called, and after much prayer, He has showed us that this new initiative falls parallel to the work that we are already performing in Chile.

It has always been our calling and goal that Jesus Christ be glorified as we serve others by bringing hope to the hopeless. We have a deep love for the people of Chile and a real passion for sharing the message of hope in the Lord and the good news of Jesus Christ.

Although we are transitioning into this new mission agency, the work we are currently doing in Chile will not change. We will continue to train pastors and leaders in areas of Bible education, evangelistic and leadership skills. We have been in constant intercession with leaders as we help them care for their relationships, physical health, and life with God.

We will continue to make and record leadership educational videos to support Christian around the world. We will continue to record evangelistic radio programs to be broadcast throughout Latin America. We will continue to pray for our local and national leaders and government officials, and meet with local clergy to discuss issues related to religious discrimination. We will continue to fellowship through Bible studies in our community, speaking in churches and conferences to encourage attendees to follow in Christ's teachings. We will continue to host weekly Bible studies for women. We will continue to collaborate with Christian businessmen to reach their peers with the Gospel. We will continue to uplift and encourage those in drug and alcohol rehabilitation centers, and orphanages. We Will continue to be salt and light to those around us in Chile. We will continue working in ministry areas Of communications and broadcasting.

**HOPE.  
INSPIRE.  
LOVE.**

This new mission agency works in transforming lives and restoring hope. The organization, Hope Inspire Love and their mission is parallel to the work that we are already performing. It has always been our calling and goal that Jesus Christ be glorified as we serve others by bringing hope to the Hopeless. We have a deep love for the people and a real passion for sharing the message of hope in the Lord and the good news of Jesus Christ. By joining this new mission organization, it allows for more help, organizational structure, financial stability and increase opportunities.

God always goes before us and lays out our path. We've had great victories and the Lord is doing great things in Chile. During these past 51 years, we have been in total dependence on God, waiting on Him, and working with Him. Daily we see amazing and beautiful fruit of the work God is doing through our ministry. Since the day we were called in the ministry in 1963, thousands have been impacted by the Gospel as we have the Spirit of the Lord on us, and he has anointed us to proclaim good news to the poor. He has sent us to proclaim freedom for the prisoners and recovery of sight for the blind, to set the oppressed free, and to proclaim the year of the Lord's favor (Luke 4:18-19.) So much has been accomplished through your prayers and generosity.

You may be asking, how does this change affect my current financial support? **Continue to send your Gifts to the address in Ferdale, Washington.** Please make sure that all future gifts are sent under the name **Hope Inspire Love** (not Integrity Ministries) and put on the memo that it is for the **Jim Thurston Ministry**. You will start to receive new updated Hope Inspire Love receipts and statements starting in December. This means that there will be a small transition gap time where you will not receive an IRS receipt until our financials are completely moved over to Hope Inspire Love. Once fully moved, Hope Inspire Love will print up receipts retroactively to make sure you receive receipts for August, September, October and November. Please do not stop your giving during this transition so as to not affect our operational expenses for the work we are doing in Chile. With the new organization, we will still receive 100% of what you send for us and the Chile ministry.

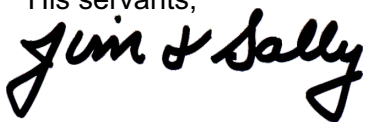

Sally and I feel as though we are walking through a transformational doorway into the greatest years we have ever had. We are profoundly grateful for God's faithfulness these last five decades of ministry work in Chile. The future is as bright as the promises of God. I am often asked the question, "What is the best year you have ever had?" I love to answer, "The next one." With this exciting change, we sense that more than ever.

We look forward to working with Hope Inspire Love and the joy of serving God in this new capacity. With your prayer and support, we will be helping them eradicate human injustice in Chile.

Thank you for partnering with us and for your faithful service. Please continue praying for us and supporting us as we carry on and venture out to love and build up the people of Chile and around the world. Much has been accomplished by the grace of God, but there is still much more to be done.

Thank you again,

His servants,

A handwritten signature in black ink that reads "Jim & Sally". The script is cursive and fluid, with the names connected together.
